EXPERIENCE

SQL Developer   May 2025 - Jun 2025

CODTECH IT Solutions   *Telangana, Hyderabad*

- Achieved 100% growth for Data Management using SQL, PostgreSQL, and Python skills.
- Role of SQL Developer that did Database Migration, Database Backup, and Data-Storing and Recovering using MySQL Server, PostgreSQL, and Python.

PROJECTS

Responsive Portfolio Site. Designed and developed a fully responsive personal portfolio website using HTML, CSS, and JavaScript. Optimized for mobile, tablet, and desktop viewing with interactive elements and smooth navigation. Helps represent my personal brand and serves as a central hub for my web development work. [(Try it here)](#)

Simple Stopwatch App (Seconds Only). Built a basic stopwatch using HTML, CSS, and JavaScript that tracks time in seconds only.Features Start, Stop, and Reset functionality with a minimalist UI. Helped reinforce core JavaScript concepts like setInterval, clearInterval, and DOM manipulation.

Bookmarks Keeper. Developed a web application using HTML, CSS, and JavaScript to save and manage website bookmarks.Allows users to add, view, and delete bookmarks with persistent storage using localStorage. Enhanced user experience with real-time form validation and a responsive, user-friendly interface
